Experience / Skills

🔧 Back-End Development

I have had two backend software development co-ops. I have experience with databases and maintaining backend code.

📄 Front-End Development

🎮 Game Development

I have a little bit of experience with game development.

🔄 CI/CD

I have had two co-ops largely dealing with CI/CD pipelines.
I've worked with Jenkins and GitLab Pipelines.

Analog Clock

Joke (refreshes every minute)

*What's the difference between a jew and a pizza? The
pizza doesn't scream when you put it in the oven.*
